Re: Submission of Information – Lower Darby Creek Area Superfund Site

Dear Ms. Prisk:

On October 4, 2001, the U.S. Environmental Protection Agency ("EPA") asked Temple University Hospital to furnish all information and documents in [its] possession, custody or control, or in the possession, custody or control of any of [its] employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14), pollutants and/or contaminants as defined by Section 101(33) of CERCLA, 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the [Lower Darby Creek Area Superfund] Site." The questions, contained in enclosure F to the EPA's October 4 letter, limit the period of time in question to the years 1958-1976.

Upon concluding its review of the EPA's request, Temple University Hospital is unable to conclude that any hazardous waste generated at "locations owned or operated by Temple University Hospital" were "transported to and disposed of at" the Lower Darby Creek Area Superfund Site." Specifically, Temple University Hospital's internal records do not indicate that it might have contributed hazardous waste to this Superfund site. In addition, documents Temple University Hospital obtained from the EPA pursuant to a Freedom of Information Act ("FOIA") Request suggest only that Tri-County Hauling removed non-hazardous municipal waste from Temple University Hospital from 1970-1976. There is no indication this waste is anything other than ordinary trash. Nor is there any indication that Tri-County Hauling or any other waste management company removed hazardous waste from Temple University Hospital during the relevant periods. In fact, from some of the records received through the FOIA request, it is clear that Tri-County Hauling was hauling non-hazardous municipal waste (e.g., from dormitories and kitchens). Therefore, Temple University Hospital believes that one cannot reasonably presume that Tri-County Hauling was engaged to haul hazardous waste at all.

- c. **Describe any contracts or correspondence between your company and/or establishment(s) and any other company or entity regarding the transportation and disposal of such wastes.**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request other than that contained in the attached documents.

6. **Identify every hazardous substance used, generated, purchased, stored, or otherwise handled at your establishment(s) in the Philadelphia, Pennsylvania area between 1958 and 1976. Provide chemical analysis and Material Safety Data Sheets ("MSDS").**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request other than that contained in the attached documents. By way of further response, Temple University Hospital, Inc. responds that to the best of its knowledge, in the provision of medical services, its predecessor may have used products typically used in the provision of such services, including, by way of example only, paper/stationery products, office supplies, medical supplies and housekeeping supplies. Temple University Hospital, Inc. has no information, after reasonable inquiry, regarding the individual constituents of each of the particular products its predecessor used from 1958-1976.

With respect to each such hazardous substance, further identify:

- a. **The process(es) in which each hazardous substance was used, generated, purchased, stored or otherwise handled;**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request other than that contained in the attached documents.

- b. **The chemical composition, characteristics, and physical state (solid, liquid or gas) of each such hazardous substance;**

See response to Question 6.

- c. **The annual quantity of each such hazardous substance, used, generated, purchased, stored, or otherwise handled;**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

- d. **The beginning and ending dates of the period(s) during which such hazardous substance was used, generated, purchased, stored, or otherwise handled;**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

- e. **The types and sizes of conditions in which these substances were transported and stored; and**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

- f. **The persons or companies that supplied each such hazardous substance to your company.**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

7. **Identify all by-products and wastes generated, stored, transported, treated, and disposed of, released, or otherwise handled by your establishment(s) in the Philadelphia, Pennsylvania area between 1958 and 1976.**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. has no records of by-products or wastes generated, stored, transported, treated and disposed of, released, or otherwise handled by it, either directly or indirectly, for the time period of 1958-1976. Upon information and belief, to the best of its knowledge, Temple University Hospital, Inc.'s predecessor may have generated hazardous and non-hazardous waste. The non-hazardous waste probably consisted of solids and liquids, including, by way of example, cardboard, office paper, cans, minor building debris, and food waste. Hazardous waste may have included laboratory waste, waste hospital supplies and spent x-ray films.

With respect to each such by-product and waste identified, further provide:

- a. **The process(es) in which each hazardous substance was used, generated, purchased, stored or otherwise handled;**

Upon information and belief, non-hazardous waste generated by Temple University Hospital, Inc.'s predecessor was probably deposited in general trash cans scattered throughout the facility. Employees of the Environmental Services Department of Temple University Hospital, Inc.'s predecessor probably collected the non-hazardous waste from the general trash cans and deposited it in non-hazardous, municipal waste dumpsters. Upon information and belief, hazardous waste of Temple University Hospital, Inc.'s predecessor was segregated by employees whose duties included handling hazardous substances, and was disposed of in accordance with applicable laws.

- b. **The chemical composition, characteristics, and physical state (solid, liquid or gas) of each such hazardous substance;**

After reasonable investigation, Temple University Hospital, Inc. has no information regarding the exact color, consistency, odor, size, shape or color of each type of waste it generated.

- c. **The annual quantity of each such hazardous substance, used, generated, purchased, stored, or otherwise handled;**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

- d. **The types and sizes of containers used to treat, store, or dispose of each such by-product or waste;**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

- e. **The name of the individual(s) and/or company(ies) that disposed of or treated each such by-product or waste; and**

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

f. The location and method of treatment and/or disposal of each such by-product or waste.

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no information responsive to this request.

8. Did your company ever contract with, or make arrangements with Clearview, Folcroft, Folcroft Annex, Eastern Industrial, Tri-County Hauling, S. Buckly Trash Hauling, Barratt Rupurt, McCloskey Engineering, ABM Disposal Services, Marvin Jonas, Jonas Waste Removal, Paolino Company, or Schiavo Bros., Inc. and/or any other company or municipality to remove or transport material from your establishment(s) in the Philadelphia, Pennsylvania area between 1958 and 1976 for disposal?

After reasonable investigation, to the best of its knowledge, Temple University Hospital, Inc. possesses no records that indicate that it contracted with Clearview, Folcroft, Folcroft Annex, Eastern Industrial, S. Buckly Trash Hauling, Barratt Rupurt, McCloskey Engineering, ABM Disposal Services, Marvin Jonas, Jonas Waste Removal, Paolino Company, or Schiavo Bros., Inc. during the period of 1958-1976. 16. **If any of the documents solicited in this information request are no longer available, please indicate the reason why they are no longer available. If the records were destroyed, provide us with the following:**

a. Your document retention policy;

Pursuant to the document retention practice of Temple University Hospital, Inc., personnel files are maintained in the Department of Human Resources for seven to ten years, according to space limitations. Records concerning hazardous material and hazardous wastes are retained as required by law by the Department of Environmental Health and Radiation Safety.

b. A description of how the records were/are destroyed (burned, archived, trashed, etc.) and the approximate date of destruction;

Records are generally destroyed by shredding, incineration, or if they are non-sensitive documents, disposal in the non-hazardous municipal waste stream by the office responsible for maintaining them upon expiration of the applicable document retention period.

c. A description of the type of information that would have been contained in the documents; and

See response to Question 16.a.

d. The name, job title, and most current address known to you of the person(s) who would have produced these documents; the person(s) who would have been responsible for the retention of these documents; and the person(s) who would have been responsible for the destruction of these documents.

After reasonable investigation, to the best of its knowledge, the Department of Environmental Health and Safety generally maintains hazardous waste manifests and related documents in accordance with applicable law and the Department of Human Resources maintains personnel files as is described in response to Question 16.a. Temple University Hospital, Inc., after reasonable investigation, to the best of its knowledge, possesses no further information responsive to this request.

Gentlemen:

Due to the increased labor costs it is imperative that we raise the rubbish removal fee for the Hospital proper from \$200.00 weekly to \$220.00 per week.

It will be necessary for us to raise the cost of removal of rubbish from the Medical School from \$90.00 weekly to \$150.00 per week due to the increased generation of rubbish, due to the discontinuance of the burning through your incinerator and the addition of the laundry and storehouse.

The rate for the Skin & Cancer Hospital and the Dormitory at 17th & Tioga Sts. will remain at \$70.00 and \$30.00 respectively.

Dear Bernie:

During my analysis of our present waste disposal system, I came across some interesting facts with regards to the area comprising the Laundry, Medical School and Storeroom, for which you are, at present, charging us \$150. a week for pick-ups.

As I understand it, there are six (6) one cubic yard containers and two (2) one and one-half cubic yard containers in this area, or a total of nine (9) cubic yards. Using the agreed upon figure of \$40. a month for the one cubic yard pick-up, I come out with \$360. a month for this area or \$4,320. per year, which is a far cry from the \$7,800 you are actually charging us. On the face of it, it would appear that we are being overcharged \$3,480. per year.

Before I report to Purchasing and ask that the payment figures for this area be changed, I would appreciate you calling me and explaining just what you think is happening here.

Cordially yours,

Vincent L. Richards, P.E.

Your letter of February 4, 1970 has been received and was immediately investigated with the following results:

- a. You are supposed to have 8--1 cubic yard containers and 2--2 cubic yard containers for a total of 12 cubic yards capacity. In addition, we also pick up approximately 15 yards weekly that is packed in boxes.
- b. The containers are emptied twice daily, morning and afternoon, 5 days weekly.
